Being Planned by Germans on Allies in Greek Territory

SITUATION IS UNPRECEDENTED

And Troops Are Fortifying About Saloniki

DIGGING OF TRENCHES

And Placing of Guns is Being Carried On Rapidly By the 200,000 Troops of Allies—Greeks May Be Drawn Into Conflict if the Bulgarians Cross the Border Line.

(ASSOCIATED PRESS TELEGRAM)
London, Dec. 18.—The unprecedented military situation in Greece has developed a new crisis. The Allied troops which according to the estimates of British newspapers, number 200,000 are fortifying themselves about Saloniki, digging trenches and placing guns. It is reported the Germans are preparing to advance into Greek territory to attack them.

Whether the Bulgarians also will cross the border is a vital question to the Greeks. It is believed a Bulgarian advance would rekindle old enmities and might draw the Greek people into the conflict.

The Greek general election will be held tomorrow, but it is not expected the result will have any controlling effect on the policy of the government. The party of former premier Venizelos has refrained from putting candidates into the field and the soldiers under arms constituting a large proportion of the electorate, will not vote. King Constantine remains indisposed.

According to the Athens correspondent of the Times, the German minister at Athens told Premier Skouloudis the Germans would be compelled to attack the British and French forces. The landing of Italian forces in Albania is likely to prove an important factor, as the Italians may be able to attach themselves to the remainder of the Serbian army for concerted action.

If all current reports were true, the Germans would be preparing offensive movements in all directions—in Belgium and France, in Greece against Egypt, on the Riga-Dvinsk front and in Galicia.

British military critics, believe however, that the central powers have not enough available reserves for an offensive movement on more than one front. In fact, it is frequently argued in England that the Central Powers are approaching the last stratum of reserves in men and must make a determined effort to obtain a victory over one of their enemies.

The British public was surprised today by the appearance of the Royal proclamation posted in public places, calling out four classes of Derby recruits. It is inferred from this move that the Derby campaign was successful.

No important fighting was reported over night from any field.

Three Men Under Arrest on Conspiracy Charge to Destroy Welland Canal

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 18.—Paul Koenig, head of the bureau of investigation of the Hamburg-American line, and Richard Emil Leyendecker, a New York art goods retailer, were held in \$50,000 and \$30,000 bail respectively today by U. S. Commissioner Houghton on a charge of conspiring to blow up the Welland canal. The hearing was set for Jan. 12.

Counsel for Koenig and Leyendecker fought hard for a reduction of the bail asked by the government. In insisting on the higher bond, Assistant U. S. Attorney Wood said: "The amount is not too large. The people back of these men can put

Contract Between Baseball Leagues

MAY SOON BE ARRANGED

Members of National Commission Met In Conference Today In New York City With a Committee From Federal League and All Treaty Details Were Considered.

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 18.—The peace meeting between organized and independent baseball interests adjourned today and Ben Johnson announced that no definite action had been taken. The committees will meet in Cincinnati next Tuesday.

(ASSOCIATED PRESS TELEGRAM)
New York, Dec. 18.—Approval of the tentative baseball peace plan having been given by representatives of the National, American and Federal leagues, the details of the treaty were considered in a conference here today of the members of the national commission with a committee from the Federal league.

Meanwhile the negotiations are awaiting the result of efforts which it is understood are to be made in Chicago today to obtain the consent of Judge Landis to dismiss the suit brought by the Federal league against organized baseball. A question was raised in the negotiations here whether it would be legal or in contempt of Judge Landis to sign a peace treaty while the legal action was still pending.

Aside from the mergers of the National and Federal league clubs, in Chicago, and St. Louis, one of the most important clauses in the agreement it is authoritatively stated, is a publication that 72 of the Federal players who now have contracts with the Federal league shall be fully protected by organized baseball. An important phase of the negotiations is the part assigned to the International league and National association in taking over clubs and players left over by the elimination of the Federal league.

Newark, Buffalo, Baltimore and Pittsburgh. It is stated here to have clubs in the reorganized International league. It is reported that Carroll Rasin, president of the Baltimore club and that Edward Gwinn, head of the Pittsburgh club, will be president of the reorganized Pittsburgh club.

Rasin, however, demands that the St. Louis National League club be transferred to Baltimore.

It was said today that probably the International league and American association will have to take care of Federal league players rejected by the two major leagues.

Garry Hermann was the only member of the National Commission, to put in an appearance up to 10 o'clock. Hermann said nothing had been heard from the lawyers who were sent to Chicago to ask Judge Landis for permission to withdraw the Federal's suit against baseball. If the permission is granted it will lead to a quick settlement of the peace negotiations.

Many of the various league magnates were on hand early and the chief topic of discussion was the terms which became public early today.

Several of the owners denied that the terms had been as far advanced as the reports stated. It has been virtually agreed it was learned that George S. Ward, owner of the Brooklyn Federals, will receive four per cent and not five per cent as previously stated, on his investment at Washington Park for a period of (Continued on Page 11, Col. 6.)

BRIDE AND GROOM; MINISTER WHO PERFORMS THE CEREMONY

ALL READY FOR WEDDING OF PRESIDENT

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 18.—Everything was ready today for the wedding of President Wilson and Mrs. Edith Bolling Galt. Guests had arrived and decorations in Mrs. Galt's home, in which the ceremony will be performed tonight were completed.

Members of the president's family attended at noon the Christmas of Ellen Wilson McAdoo, daughter of Mr. and Mrs. Wm. G. McAdoo and the president's only grand daughter. The Christmas was in the Blue room of the White House.

The president was godfather, and Mrs. Francis B. Sayre, the baby's aunt, and Miss Helen Woodrow Bones, cousin of the president, were godmothers. The Rev. Roland Cotton Smith, rector of St. John's Protestant Episcopal church here, christened the baby who was born last May. The president's other grand child, the son of Mr. and Mrs. Sayre was christened at Williams-town, Mass., the president acted as his godfather, too.

The president paid an early morning call today to Mrs. Galt.

After a brief visit the president went to his bank where he spent half an hour looking through his safe deposit box and going over some accounts.

One room at Mrs. Galt's home has been reserved for wedding presents. Many gifts have been received from strangers in spite of the efforts of the president and Mrs. Galt to discourage giving of presents from those outside of the circle of friends and relatives. Gifts continued to arrive at the White House today. One was a small bale of cotton sent by a Texas admirer for the president.

The president planned to devote the afternoon today to work and clearing up much official business before departing on his honeymoon trip. He will dine with members of his family at the White House at about 7 p. m. and leave soon afterward for Mrs. Galt's home for the wedding ceremony.

HOME OF BRIDE TO BE GUARDED

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 18.—The wedding of President Wilson and Mrs. Edith Bolling Galt overshadowed in interest today affairs of state.

All arrangements were complete for the ceremony which is to be solemnized at Mrs. Galt's home tonight. The members of the two families who are to be the wedding guests were here and decorators and florists had put the finishing touches on the rooms to be used for the wedding. Arrangements for guarding the house during the ceremony included a diversion of all traffic from the street and a heavy guard of policemen and secret service agents about the premises.

Although details of the wedding trip had not been disclosed, it became known that the couple will leave for the south shortly after the ceremony. The Rev. Herbert Scott Smith, rector of St. Margaret's Protestant Episcopal church here, who is to perform the wedding ceremony had also been selected to officiate at the christening at the White House today before members of the wedding party of Ellen Wilson McAdoo, seven months old, the president's only grand daughter.

CAR PLUNGES INTO RIVER; SEVEN DROWN

(ASSOCIATED PRESS TELEGRAM)
Spokane, Wash., Dec. 18.—Seven persons were killed and ten injured today when a street car went through the Division street bridge over the Spokane river. The killed were in the car more than an hour after it went into the river. The injured were removed to a hospital.

Two street cars were on the bridge when the whole structure collapsed. One end of the car fell to the water and the other end rested on the abutment. The car crew and two passengers were rescued uninjured. The other car, inbound, and carrying about twenty passengers, fell into the river and a heavy steel beam crashed down lengthwise upon it, crushing passengers on one side of the car. Two hours after the accident, the bodies could be seen pinned under the water. Passengers on the other side of the car, were injured, but firemen rescued them.

The bridge took with it the water and gas pipes that supply the north-east section of the city with water and gas.

FAIL TO MAKE ARRANGEMENTS FOR FORD PEACE PARTY

(ASSOCIATED PRESS TELEGRAM)
Christiania, Norway, Dec. 18.—(Via London).—Efforts to make arrangements here for the reception of the Ford peace party, on its way here on the steamship Oscar II, have failed. The hotel is crowded for the Christmas holidays and will not agree to reserve 168 beds from day to day, while awaiting the arrival of the travelers.

The Christiania branch of the Clergymen's Peace Association is considering plans to hold a prayer meeting for peace when the party arrived. Captain James Totten, American military attaché at Copenhagen, is on the way to Christiania, the first port at which the Oscar II will touch. He denies his trip is connected with the Ford party.

POLICE OF CHICAGO IN CRIME ORGY

Mayor Hale Claims Department Is Rotten and Shields Criminals; Honeycombed with Grifters

(ASSOCIATED PRESS TELEGRAM)
Chicago, Dec. 18.—Roused by a recent wave of crime, which has resulted in several murders and numerous robberies and holdups, Mayor Wm. Hale Thompson today, charged the Chicago police department with shielding criminals, grafting and contributing to the orgy of crime.

"I know the police department is absolutely rotten," the mayor said. "It is honeycombed with grafters. I know criminals, holdup men, murderers, pickpockets, and thieves of all description known to the police are walking the streets every day and are not arrested."

"This is a terrible thing to say, but I would not be surprised to learn that in the department are men who have planned murder."

Mayor Thompson said he would immediately start a wholesale cleaning up of the police and rid it of crooks, "even though it costs me my life."

Nicholas Hunt, a former inspector of police, who for the last few years has been at the head of a private detective agency, will be installed chief of the detective bureau of the police department according to reliable information, succeeding Captain John Halpin, who last week was convicted of grafting in offering protection to swindlers.

Mayor Thompson said he had no intention of removing Chief of Police Charles C. Healey.

"Chief Healey has been making an honest effort to make the entire force honest," the mayor said, "and I propose to back him up."

Official Text Austrian Note Made Public

Denies that Blame for the Sinking of the Ancona Should Be Placed Upon the Commander of the Submarine, Even If the Views Presented by the United States Are Correct

THOROUGH MERITORIOUS TREATMENT OF DEMAND

Made By America Given the Matter By Austria-Hungary and Royal Government Was Warranted In Expectation That the Government of United States Should Have Precisely Specified the Actual Circumstances of the Affair Upon Which It Based Its Case—Sharp Criticism Offered By Foreign Ambassador.

(ASSOCIATED PRESS TELEGRAM)
Washington, Dec. 18.—The official text of Austria's reply to the American note on the Ancona made public here today reveals that the Vienna government denies that the views presented by the United States even if correct, warrant the blame for the disaster being placed upon the commander of the submarine. The reply denies also that blame can be placed upon the Austro-Hungarian government even if "A most rigorous legal construction were applied to the judgment of the case."

The full text of Austria's reply as made public today by the state department follows:

American Embassy, Vienna, Dec. 15, Secretary of State.

Washington, D. C.:

Following note received from minister for foreign affairs noon today:

"In reply to the much esteemed note No. 4167, which His Excellency, Mr. Frederick Courtland Penfield, ambassador extraordinary and plenipotentiary of the United States of America, directed to him in the name of the American government under date of the 9th instant, in the matter of the sinking of the Italian steamer Ancona, the undersigned preliminary to a thorough, meritorious treatment of the demand, has the honor to observe that the sharpness with which the government of the United States considers it necessary to blame the commanding officer of the submarine concerned in the affair and the firmness in which the demands addressed to the imperial and royal government appear to be expressed, might well have warranted the expectation that the government of the United States should precisely specify the actual circumstances of the affair upon which it bases its case."

As is not difficult to perceive, the presentation of the facts in the case of the aforesaid note leaves room for many doubts and even if this presentation were correct in all points and the most rigorous legal conception were applied to the judgment of the case, it does not in any way sufficiently warrant attaching blame to the commanding officer of the war vessel or to the imperial and royal government.

The government of the United States has also failed to designate the persons upon whose testimony it relies and to whom it apparently leaves it may attribute a higher degree of credulity than to the commander of the imperial and royal fleet. The note also fails to give any information whatsoever as to the number, names, and more precise fate of the American citizens who were on board of the said steamer at the critical moment.

However, in view of the fact that the Washington cabinet has now made a positive statement to the effect that citizens of the United States of America, came to grief in the incident in question, the imperial and royal government is in principle, ready to enter into an exchange

of views in the affair with the government of the United States.

place, raise the question why that government failed to give judicial reasons for the demands set forth in its note with reference to the special circumstances of the incriminating events upon which it itself lays stress, and why in lieu thereof, it refused an exchange of correspondence which it has conducted with another government in other cases.

The imperial and royal government is the less able to follow the Washington cabinet on this unusual dispatch since it by no means possesses authentic knowledge of all of the pertinent correspondence of the government of the United States, nor is it of the opinion that such knowledge might be sufficient for it in the present case, which in so far as it is informed, is in essential points of another nature than the case or cases to which the government of the United States seems to allude.

The imperial and royal government may therefore leave it to the Washington cabinet to fortify the particular points of law against which the commanding officer of the submarine is alleged to have offended on the occasion of the sinking of the Ancona.

The government of the United States has also seen fit to refer to the attitude which the Berlin cabinet assumed in the above mentioned correspondence. The imperial and royal government finds in the much esteemed note no indication whatever of the intent with which this reference was made. Should, however, the government of the United States thereby have intended to express an opinion to the effect that a prejudice of whatever nature existed for the imperial and royal government with respect to the juridical consideration of the affair in question this government must, in order to preclude a possible misunderstanding, declare that a matter of course it reserves to itself full freedom of maintaining its own legal views in the discussion of the case of the Ancona.

In having the honor to have recourse to the kindness of his excellency, the American ambassador to the most respectful request to be good enough to communicate the foregoing to the American government and on this occasion to state that the imperial and royal government, in no less degree than the American government and under all circumstances, most sincerely deplores the fate of the innocent victims of the incident in question, the undersigned avails himself of this opportunity to renew the expression of his most distinguished consideration to his excellency the Ambassador.

(Signed) "BURIAN."

(Signed) "PENFIELD."

The note also states that the Austro-Hungarian government is unable to determine what the United States intended to indicate when it mentioned the attitude which Germany had assumed toward submarine warfare.

Fear Attack on El Paso Should Carranza Troops Be Sent Through the U. S.

(ASSOCIATED PRESS TELEGRAM)
El Paso, Tex., Dec. 18.—Reports of plans for transporting Carranza troops secretly through the United States to points adjacent to this city, to be used in the proposed campaign for crushing Villa opposition in Northern Mexico, have stirred apprehension in Juarez, and in the Mexican colony here.

General Ochoa, in command of the Garrison, at Juarez, ordered all soldiers under rank of Major to be in their quarters at 10 o'clock this morning. The first indication of the movement of the Carranza troops for an invasion of Chihuahua, was the arrival on December 15, of a train of ten cars of troops and equip-

ment from Eagle Pass, Texas, routed to Nogales, Sonora, in bond. On their arrival at Nogales, private detectives stated the train had been sent there by mistake instead of Marfa, Texas, for an invasion of Chihuahua, 200 miles east of here.

The Carranza consul later admitted an invasion of Chihuahua, through towns opposite Fabens and Hancock, had been planned. Villa officials in Juarez, expressed indignations against the United States which they charged with permitting Carranza forces to use El Paso as a base for the proposed attack. They declared if the plans are carried out, an attack on El Paso from Juarez may be expected.

INJURED WHEN AUTO CRASHED INTO A BUGGY

A machine driven by Fred Howell of Linden avenue crashed into the buggy driven by Mr. Alva L. Ryan at the corner of West Main and Williams streets on Friday night about 9 o'clock, and Mr. and Mrs. Ryan and little daughter were injured when they were thrown from the buggy.

The auto came up back of the buggy and veering into it threw the occupants over and knocked the horse down breaking its legs. It was found necessary to kill the horse and a patrolman was called and it was shot. Mrs. Ryan had her little daughter, Constance Marie, aged three years in her arms, and in falling protected her, but the child received an injury to the head. Mrs. Ryan was badly injured through the back and shoulder and her head and neck were bruised. Mr. Ryan was bruised about the hips. They were attended by Dr. J. W. Barker.

As soon as possible Mr. Fowell stopped the machine and rendered what aid he could. Mrs. Ryan who was the most seriously injured is resting more comfortably today.

friendly nation. The penalty of conviction is three years' imprisonment and a fine of \$5000.

Schleindl was held in \$25,000 bail for examination Monday when arraigned today before a police magistrate on a short affidavit charging suspicion of grand larceny in connection with the disappearance from the National City Bank of papers and documents which the police said were valued at \$160,000. Detective Barwitz testified at the arraignment that documents alleged to have been furnished to Paul Koenig by Schleindl describe in detail the cargo in No. 2 hold of the steamer Minnehaha, when fire was discovered aboard the vessel while in midocean on a voyage to Europe.

(ASSOCIATED PRESS TELEGRAM)

New York, Dec. 18.—Charged with conspiring in a military enterprise to destroy the Welland canal, the Canadian waterway which connects Lake Erie and Lake Ontario, three men are under arrest here today awaiting arraignment before a United States commissioner, while a fourth man is in custody of government authorities. Those under arrest are: Paul Koenig, formerly head of the bureau of investigation of the Hamburg-American line, who it is charged, has been the head of the German secret service in the United States since the beginning of the war; Richard E. Leyendecker, a retailer of art goods in this city, a naturalized American alleged to have been employed by Koenig; Frederick E. Metzler of Jersey City, reported to have been a clerk in the offices of the Hamburg-American line and secretary of Koenig. The fourth man held in custody is Geo. Fuchs, who was formerly in Koenig's employ and who has given the authorities valuable information and so far as is known is not alleged to be a party to any conspiracy.

The arrests were made last night under the direction of Wm. P. M. O'Leary, head of the United States department of justice in New York, and A. Bruce Bialaski, head of the special investigators of that department. The complaint made by O'Leary alleges that Koenig and others went to Buffalo and Niagara Falls in September to prepare means to destroy the canal "by force of arms." The three defendants, it was learned today have been under surveillance for a year. The evidence which led to their arrest was given by George Fuchs, who it is charged, quarreled with Koenig over the payment of \$15, which he claimed Koenig owed him. Detectives employed by Captain Tunney of the New York police department obtained Fuchs' statement and turned him over to Mr. O'Leary.

The purpose of the alleged attempt to block the canal was, it is charged, to prevent the movement of supplies down the Great Lakes, and through the Welland canal and St. Lawrence river to the entente allies. The names of workers in San Francisco, Chicago, Philadelphia, Detroit and Boston and other cities, are said to have been discovered among documents seized by the authorities in a raid upon the offices of Koenig and Leyendecker.

The penalty for the crime charged in this case is three years in prison or \$3,000 fine or both. Koenig came into public notice last June when the affidavit of Gustav Stahl, averring that he had seen cannon

on board the steamship Lusitania, before she sailed on her fatal voyage was submitted to the state department. It was Koenig who notified government authorities that Stahl could be found at Albany. The alleged plot to destroy the Welland canal recalls the attempt last February of Warner Horn, who said that he was a captain in the German army, to blow up the Canadian Pacific railroad bridge over the St. Croix river between Maine and New Brunswick. Horn is still awaiting trial.

Detectives following the trail of plotters seeking to destroy ships bearing ammunition to the allies today arrested Frederick Schleindl, a clerk in the National City bank, when they charged with larceny of documents, cablegrams and messages, which, it is alleged, he turned over to representatives of the German government. These documents, the detectives say, gave information as to which ships bore armaments across the seas. Schleindl is also alleged to have given information to the German representatives as to what firms were manufacturing war supplies in this country and also the amounts of money placed in certain banks to credit of the allies. Schleindl was taken to police headquarters for further examination.

Schleindl detectives say confessed to having obtained information regarding shipments of munitions and other matters saying that he did this in the direction of Paul Koenig, head of the bureau of investigation of the Hamburg-American line, who was arrested yesterday on the charge of plotting to destroy the Welland Canal.

Detectives said they found in Schleindl's pockets a telegram relating to a shipment of 2,000,000 rifles to the allies. The message was from the Banque Belge Pour l'Etranger, to a New York bank.

Schleindl told of meeting Koenig, who he said used an alias, last May, according to detectives and of having kept in touch with the German consul here since the opening of the war. The prisoner declared that a German reservist, declared that when he met Koenig at an uptown hotel, arrangements were made for him to obtain cablegrams and other documents at the National City bank. For this work, Schleindl told the police, he has been receiving about \$25 a week.

Police claim today they found among Koenig's effects papers indicating that he had had relations with Schleindl. The arrests of Schleindl, Koenig and Richard Emil Leyendecker, a New York antique dealer, were directly due to a confession made several weeks ago by George Fuchs, of New York, a relative of Koenig.

STATEMENT OF CLERK JONES OF COMMISSIONERS

"There is no necessity for the prisoners at the county jail to wash their own clothing, as the county commissioners allow 12 1-2 cents a week for the laundry of each prisoner," Benjamin B. Jones, clerk of the county commissioners said Saturday following the report submitted by the Board of County Visitors.

"Furthermore, the report that the commissioners have failed to provide brooms and other accessories to maintain a sanitary condition at the jail, it without foundation, as our reports will show," Mr. Jones said. "Only recently we sent an order to the Ohio Penitentiary, required according to law, for soap and mops."

The following items of expenditures have been made by the commissioners in the past few weeks, for the jail:

George B. Sprague, retail grocer, \$14.25 for incidentals used at the jail, also \$3.25 for gas mantels.

Ohio Penitentiary, \$9.60 for soap and mops.

Mr. Jones said that the laundry expenses for last month for the prisoners at the jail was \$20.13.

The board of County Visitors Friday filed a report with the commissioners for their expenses for the year ending December 15, 1915. The expenses incurred were for transportation, board and other expenses, aggregating \$78.84.

The great trouble with our good resolutions is that so many of them are laid on the table.

Everything depends on the point of view. Even the gallery dog looks down on the people in the boxes.

DO NOT EXPECT FLOOD STAGE IN THE OHIO RIVER

(ASSOCIATED PRESS TELEGRAM)

Cincinnati, O., Dec. 18.—The government weather bureau announced here today that a general flood stage in the Ohio river was not expected to result from the rain and snow of the last several days.

The Ohio river from Point Pleasant, Va., to Cincinnati, is still on the rise, but the crest of the high water is expected to be reached some time tomorrow without the water reaching the danger line in any of the cities along the river. The stages of the river and the rises in the last 24 hours follow:

City	Stage	Head in feet
Point Pleasant	19.3	10.7
Huntington	22.8	11.8
Cattlesburg	25.8	13.4
Portsmouth	28.8	15.3
Maysville	24.8	11.8
Cincinnati	31.3	13.2

The Big Sandy river is still rising, according to the government report while the Licking river in Kentucky likewise has shown tremendous gains in volume but the colder weather has checked what promised yesterday to be a disastrous flood in this section of Kentucky.

PREDICT FLOOD STAGE.

(ASSOCIATED PRESS TELEGRAM)
Pittsburgh, Dec. 18.—Heavy rains in the mountain districts of western Pennsylvania and West Virginia, prompted the prediction by the local weather bureau today that by tomorrow morning, the Ohio river would pass twenty feet, the flood stage. Reports from Allegheny and Monongahela river points said those streams were rising rapidly the Monongahela having reached the flood stage at Morgantown, W. Va., this morning.

Except for slight variation in translation, the remainder of the official text virtually is identical with the unofficial version, cabled from London.

It was agreed seemingly in official quarters that the official text did not minimize a realization of the gravity of the situation which was expressed on officials by the unofficial cables, but it also was apparent that the door to further negotiations was not closed.

While the state department was making the note public President Wilson was at work in his study on the outline of a reply which will go forward some time next week. The state department also made public an official text of the Austrian admiral's statement, previously published, which admitted that the submarine fired on the Ancona after the ship had come to a stop and while passengers still were aboard. It was upon this official admission of the Austrian admiral's statement that a principal portion of the American note was based.

Christmas Gifts.

This is supposed to be a practical
age, but many impractical people
live in it. You can always see that
at Christmas time. After the gifts
are distributed, there are plenty of
people who wish they had the money
the things cost.

What mountains of useless bric-a-
brac used to be accumulated. Most
of our homes contain a dusty and
melancholy remnant of mistaken
gifts. Fortunately careless children
and housemaids dispose of much of
this stuff by breakage. But it is of-
ten the ugly thing that defies rough
usage, still, such trash can always
be sent to the charity rummage sale.

Much might be written about the
useless and grotesque ornaments that
used to be offered as gifts. Some
of us can recall the fake vases and
pitchers, gorgeously ornamented
with gilt or foliage, but which had a
false top and would hold neither
flowers nor water. Yet they were
supposed by many to be very
"recherche." Then there were the
ribbon calendars, with three ribbons
to be pulled down each day, to show
the month, the day of the month,
and day of the week. Friendship
was rarely fervent enough to keep
them going more than a fortnight.
The disappearance of such useless
gifts was always embarrassing when
the givers called. But there are lim-
its to friendship.

While many unseemable gifts
are still made at Christmas, there is
more tendency now toward really
practical remembrances. A great
deal of substantial clothing, furni-
ture, tableware, and drygoods, books,
jewelry and so forth are used for
presents. Yet anything really beau-
tiful, a well painted or photograph-
ed picture, a finely executed piece
of silver, glass or pottery is always
welcome. It should serve some use-
ful household end. Buying for pure
ornament is precarious. Standards of
beauty change rapidly and what is
called fine today may be obsolete
tomorrow. And then you know
tastes differ. A thing that may be
beautiful to one is hideous to an-
other. By the way, a very acceptable
Christmas gift to a former resident
of Newark who now lives elsewhere
would be a year's subscription to the
Advocate.

Federating Country
Churches.

One of the most vital matters
discussed at a Church and Country
Life convention held the past week
at Columbus, has been a series of
proposals for federating country
churches. This is an age of con-
solidation, and the little rural
churches can't afford to ignore it.
The spectacle of rival sanctuaries
clustering around a village green is
a familiar one in our rural life. On
warm Sundays with the windows
open the choirs seem to be trying to
drown each other out. The practical
result is an unholy competition, and
many jealousies. The subdivided
religious forces can scarcely afford
to pay the ministers the salary of a

of these useless books. These, they
say with authority, you simply must
read. They seek to iron out the in-
dividual wrinkles of the reader, and
are supposed to leave his intellect
starched and pinned in a uniform
pile. They attempt to stretch intel-
lectual stature to a certain predeter-
mined height.

The unfortunate part of these
guides to necessary knowledge is
that almost every individual requires
a different sort of guide.

Nineteen Hundred Lotteries!

(Chicago Herald.)

Since the exile of the once fam-
ous Louisiana lottery about twenty
years ago many have doubtless
formed the opinion that that special
form of the gambling mania had
gone almost wholly out of fashion in
this country. Of course there have
been plenty of "get-rich-quick"
swindles, numbering their victims by
millions, but these were usually
cloaked as "investments" and did not
openly appeal to the appetite for bald
chance-taking.

Therefore it is something surpris-
ing to find stated in the annual re-
port of Postmaster General Burleson
that during the last year no less
than 1,900 "lotteries" have been
barred from the mails, some of them
of great magnitude, involving in one
case an attempt to sell "chances"
totaling no less than \$13,000,000,
with the bait of "cash prizes" of
\$500,000. How much "chance" the
baiters really had is evident on com-
paring the bait of \$500,000 with the
proposed collection of \$13,000,000.

"Experience is a dear school," said
Poor Richard long ago, "but men
will learn in no other." Apparently
many will not learn even that. It
is well known that the most highly
prized asset of swindling promoters
is a list of the names and addresses
of persons who have "fallen for"
some earlier scheme. Next to that
first article of the swindlers' creed,
averring that "suckers are born ev-
ery minute" stands a second: "Once
a sucker, always a sucker."

Yet though the cynic aver that it
is useless to try to protect fools
against their own folly, it is neces-
sary to keep on trying. How neces-
sary is evidenced by the fact that no
less than 1,900 lottery swindlers got
far enough in one year to attract
governmental attention. Some un-
doubtedly went on their nefarious
way unnoticed, but the evil of them
was at least mitigated by trying to
mitigate it.

Ford Recommended.

A prudent general on the eve of
a political campaign must take
thought for the provision of the
sinews of war. So Senator LaFol-
lette, in view of his com-
templated spring drive on the White
House, has been "working out de-
tails for months." Preparedness
first. So we read that "The Pro-
gressive leaders expect to induce
Charles R. Crane of Chicago and
Claus Spreckles of San Francisco
and other wealthy men to finance
the campaign." Great Expectations,
as Charles Dickens observed. But if
Crane and Spreckles, why not Henry
Ford? There is a man who has just
proved that he may be tapped to al-
most any extent in furtherance of a
wild goose chase. We commend
Ford to the earnest attention of Mr.
Houser.—Milwaukee Sentinel.

Utilizing Time-Dust.

A young man who was speaking of
being too busy to spend a half hour

of his regular duties with time re-
quired for each. He found that he
had at his disposal four hours and
a half unaccounted for every day.
Here was time for many a great
man to have secured an education,

he really wants to do.—The Chris-

A New Mowing Machine Planned.
It was recently publicly declared
that before the war ends science will
have made war too terrible a thing
to contemplate. Pretty soon we can
be mowing down men by the thou-
sands, or even millions, almost by
pressing a button. And lest the war
finds us unprepared we are advised
to increase the capacity of our mun-
itions plants to twice the output of
all other countries combined. In-
teresting, isn't it? Besides which,
one inventor on the new Naval Board
has perfected a machine that digs

wide and six feet deep in an hour.

NEW YORK THEATRICAL REVIEW

(By Dixie Hines.)

New York, Dec. 18.—The unex-
pected has again happened. The
play for which failure was predicted
has been produced, under what the
regular players considered an in-
superable handicap, and it has been
elevated to the success of the sea-
son. "The Weavers," a play of so-
cial justice, by Gerhart Hauptmann,
had its first production in the En-
glish language at the Garden theatre
this week, being the only new play
produced, and it has achieved a suc-
cess such as few plays of the pre-
sent season has achieved. Emanuel
Reicher, who made the production,
assigned to himself a small char-
acter part, which was done in his
usual brilliant style, but greater
credit is due him for the manner in
which he made the production so
substantial a success. It goes to
prove that no man can tell in ad-
vance what a New York theatre au-
dience wants.

"The Weavers" is a play dealing
with the conflict between the capital-
ists and the weavers of Silesia, Ger-
many. It is a powerful arraignment
of the social condition of the period,
and with unerring force the trend of
the labor mind is followed until it
develops into a reign of riot and
bloodshed. All this has been rep-
resented in a masterful manner, and al-
though there are no parts which
might be considered leading parts,
the brilliant work of Mr. Reicher,
Rupert Harvey, Edith Randolph,
Adolph Link, Frank Peters, Bertha
Mann and some dozen or more oth-
ers, makes "The Weavers" an inter-
esting and exceedingly spectacular
dramatic production.

The week which precedes Christ-
mas is always a dull one, and we are
to have no new plays until late next
week. Then we are promised "Rug-
gles of Red Gap," "Very Good Ed-
die" and some half a dozen others,
more or less interesting in perspec-
tive.

We are dependent upon motion
pictures and vaudeville for the nov-
elty. Next week Ethel Clifton, a fa-
mously young dramatic actress, will
bring to the Colonial theatre a new
play in which she and Brands Fow-
ler are to appear and this is the only
novelty.

Pick Ups.
Hedwig Reicher, emotional actress
well known for her brilliant per-
formances on the International stage,
has been invited to contribute her
talents to film plays.

A playhouse where plays of un-
usual excellence and character may be
presented will be opened in New
York early in the New Year. Wallis
Clark, prominent as a character ac-
tor and stage director, will have a
prominent part in its direction.

"Copy" a tense dramatic playlet,
dealing with an episode in the life
of a police reporter, will find its way
to the stage early next year. Kirah
Markham plays the part of a woman
who furnishes the reporter with
"copy" which he did not bargain for.

John P. Campbell, director of the
Irish Theatre of America has returned
to New York after a tour of the
west in the interest of his latest ar-
tistic organization. An engagement
of the Irish Theatre company has
been arranged for in Chicago later in
the season.

"Very Good Edie," a musical ver-
sion of the popular farce of a few
seasons ago, "Over Night," has final-
ly decided to visit the Metropolitan,
and will take lodgement at the Prin-
cess Theatre on Christmas eve. Paul
Ker, a comedian of rare cleverness,
has been added to the cast.

Lillian Keller, who is an adapta-
ble actress, has engaged to play the
rest of the season in Pittsburgh
where they yearn for better class
drama. A new repertoire company
is being formed to give dramatic de-

light to the denizens of the Smoky
City beginning shortly after the hol-
idays.

Ranking high with the dramatic
performances of the past week in
New York is that of Edith in "The
Weavers." She gives to the charac-
ter of Luisa a dramatic intelligence
which has been generally commented
on, and has won, in one of the large-
est casts of the season, special men-
tion from the critics.

Ernest Cossart, who is English,
was asked to play the role of a
German manufacturer last week.
He found in the company a cosmo-
politan gathering of French, English,
German and Belgian, and being re-
spectful of the President's injunc-
tion that all foreigners, as well as
natives, should respect our neutral-
ity, he quietly withdrew.

"The Man Who Stayed at Home,"
which we know in this country as
"The White Feather," has proven
the most popular of all war plays in
London, and Jan MacLaren is now
playing the part in Australia with
unusual success. Mr. MacLaren was
last year the leading actor with
Granville Barker's company at Wal-
lack's Theatre.

In an effort to create a monopoly
of talent, Harold de Becker, who
plays one of the principal parts in
the play by Harold Brighouse which
is a big success in New York, has
applied himself to the studying of
sculpture. At present he is unusu-
ally gifted with his pen and brush as
an artist, as well as his success as
an actor.

The leading part in "The Weav-
ers" is being played by Rupert Har-
vey, who made a most favorable im-
pression last year in the role of John
Rhead in "Milestones," which he
played across the American contin-
ent. Moritz Jaeger, played by Mr.
Harvey in the present production, is
the protagonist of all the labor lead-
ers since placed upon the stage.

Marguerite McNulty, a clever in-
genue of the dramatic stage, who has
been engaged with vaudeville enter-
prises this season, is to become as-
sociated with the newly formed or-
ganization in New York with which
short plays are to be introduced to
the stage. The plans as announced
by the promoters include a season of
short plays of the Grand Guignol
type.

Ferne Rogers begins her season
in the prima donna role of "Princess
Pat" on Christmas Day. Victor Her-
bert, composer of this tuneful op-
eretta, will personally conduct the or-
chestra for the first week in honor
of Miss Rogers, who was last heard
in this country in the prima donna
role of "Jole." Since then she
has sung through Germany and
England.

Elsie Ferguson, the name of whose
play has not been announced, begins
rehearsal this week in New York.
She comes to the Metropolitan for her
annual engagement early in the New
Year, and among her company will
be found Gareth Hughes, a talented
young actor, who has already won
the highest honors of the season in
acting when he appeared in "Mo-
loch."

Emanuel Reicher will next pro-
duce with his company at the Gar-
den Theatre, a group of short plays,
three of them by American authors.
Theodore Dreiser, author of "The
Genius" is contributing a dramatic
playlet called "The Girl in the Cot-
tin," and David Pinski, a Yiddish
author has two short plays, a
satirical comedy and a romantic
drama. The other play is from a
German source.

Whitford Kane, who plays with
such charm the role of William Nos-
top in "Hobson's Choice," was a
Shakespearean actor in his earlier
days. At the Gaiety theatre, in Man-
chester, England, where so many de-
lightful comedies have been devel-

oped, he was a prominent member
of the repertoire company. It was
here that the long friendship be-
tween the actor and Harold Brig-
house, the author of "Hobson's
Choice," began.

Ethel Clifton, who writes more
plays for successful vaudeville actors
than any other woman, has written
a successful playlet for herself and
Brenda Fowler. They will give it a
Metropolitan hearing next week at
the Colonial Theatre, and it will be
advertised as "Saint and Sinner." Miss
Clifton plays one of them, but has
not decided whether she is one or
the other. The audience is made
the jury.

Three years ago Nicholas Orloff,
the great Russian actor, was playing
at the Garden Theatre in New York
and selected Bertha Mann for his
leading woman when he made his
first English appearance. Now
history repeats itself and Emanuel
Reicher, another great actor from
across the water, has established
himself at the Garden Theatre and
Miss Mann is his leading woman.
She also essayed a like role to Arnold
Daly, who may be considered foreign
to the American stage as well. Let's
call him Irish.

Maude Adams will follow John
Drew in the Empire Theatre, begin-
ning her season Christmas week
with a revival of "Peter Pan" and fol-
lowing this with revivals of "The
Little Minister" and other popular
plays from her repertoire. She has
many of her original company with
her this season, and several new
faces, among the latter Dallas Ander-
son, who has been engaged as the
leading player, with the repertory
companies at the Little Theatre,
Philadelphia, and the Fine Arts
Theatre, Chicago for two years.

Lillian Kingsbury, who strayed
from the dramatic path to follow the
line of least resistance, and found
herself on the vaudeville stage, has
won the support of all women's
organizations having to do with their
respective rights, and all because
she has written some brilliant
speeches into a short play called
"The Coward," which is a demand
for the recognition of the rights of
women and mothers. Mrs. King-
sbury has applied to the stage some
of the sentiments expressed by her
public speeches. She hasn't decided
who will vote for next election.

MEYER & LINDORF
FINISH CONTRACT
FOR PLEASANTVILLE

Contract for the furnishing of all
floor coverings for Pleasantville's
new Masonic building, which was
secured some time ago, by Meyer &
Lindorf will be completed as soon
as the rubber stair pads are put in
position.

The lodge room proper which oc-
cupies the second floor of the build-
ing was covered with a fine quality
of velvet carpet, having a small fig-
ure and a touch of green. The ros-
trums were covered with a heavy,
plain linoleum. The rubber stair
treads will be held in place by brass
nosings.

The building is a 2-story brick,
the first floor being divided into
two large stone rooms. The Ma-
sonic lodges occupy the entire sec-
ond floor. The building is a credit
to the progressive Little Fairfield
county village.

That the Newark firm secured the
contract for the work is an indica-
tion of the low price and high qual-
ity of its stock.

In Milady's Boudoir

By Gwen Sears

Chapped skin is very sure to be common in winter and we know from experience how very irritating this one grievance can be. The more delicate the skin, the greater need of protection against the cold, biting north winds. I have seen some very stubborn cases of chapping render the sufferer most unsightly and at the same time cause acute suffering.

The only way to guard against chapped skin is to give it first aid in counteracting the effects of the cold, and rendering it as immune as one can make it against the playful zephyrs of winter.

One of the simplest and effective ways of coming out of the winter months unscathed by the frosty winds is to apply a good cold cream liberally to the affected parts. This does not necessarily require much time, and any woman will be amply rewarded for her forethought. Intense cold has a very drying effect on the skin and, therefore, the use of cream would be advisable for this reason alone.

Apply the cream with the finger tips, using the rotary motion. Go over the complexion, throat, hands and wrists, working it well into the pores. Warm the fingers before touching the cream so as to make it easier to absorb. Then remove all excess cream, save a little film, with a soft brush. Go over the skin with a bit of absorbent cotton dipped in pure powder to remove all moisture of the skin.

You may alternate this treatment with an oil rub, which will be very nourishing, filling in the hollows and smoothing away any threatening wrinkles. Try almond oil for this with a few drops of any desired scent. Warm the oil and wash the face with warm water and a good soap, or preferably a prepared meal which is less drying in its effects. A nourishing cream with sufficient oils could be employed instead and when lacking a cold cream could serve as a beauty mask with powder.

Your Boys and Girls

The furnishings for the babies' beds can be well made at home. In fitting an infant bed the rubber sheet and quilted pad must be bought but sometimes, if time is no great consideration, the pad can be made at home on the machine, using soft rather loosely woven muslin for the covering and sanitary cotton for the filling.

A thin, soft muslin will be much more comfortable for baby than sheets and pillow slips of linen. They should be simply made and trimmed with a little tulle lace edging and insertion. Baby blankets are very soft and light but the home blanket of white eider down is quite as satisfactory and much cheaper. The edges should be bound with ribbon in a dainty color, since white edges soil so easily. A spread cover of point de esprit, lined with a color, is extremely dainty.

Every Day Etiquette

"Should the hostess at a dinner sit at the side of the host or at the other end of the table?" queried Marie.

"The hostess sits at the head of the table and the host at the foot," advised her sister.

PARIS FASHION HINT

One of the real novelties in millinery for this season is a combination "tam" and cap with a piquant visor reminding one very much of the military fatigue cap. The material used in the model is of black hatter's plush. The crown is full and gathered. Gray satin binding is used effectively as a trimming. A gray satin ribbon passing through a diamond shaped steel cut buckle sets off the hat very effectively. The visor of the cap coming well down over the eyes is edged with gray satin binding. For motor wear this combination hat is unexcelled.

In making a mountain out of a molehill the first thing to do is to put up a bluff.

Va., federal prison today to begin serving the 13-year sentence imposed on him for embezzling \$33,000 funds of the bank. Lee Lester, also was among the prisoners taken to Moundsville. CONGRESS ASKED FOR MOTORCYCLES FOR SIGNAL CORPS

(ASSOCIATED PRESS TELEGRAM) Washington, Dec. 18.—Congress has been asked to provide one hundred motor cycles for the use of the army signal corps, because events of the European war have disclosed the great value of these machines.

In his annual report today General Scriven, of the signal corps, says: "Our own experience wherever considerable bodies of troops have been consolidated and in service along the Mexican border, has confirmed this idea."

He proposes the organization of motorcycle sections of the corps. The signal corps is now short 38 officers and 392 men of the personnel necessary for its work, the report states, and for a standing army of 180,000 men would mean 173 officers and 3,358 men.

For the aviation section, the report urges an increase of 46 officers and 410 men to maintain the present organization and that restrictions as to marriage, age, rank, etc., be modified to open the flying corps to all officers of the line. On a basis of 180,000 men in the army, 368 additional officers and 2,360 men would be needed to organize 18 aero squadrons.

All a Dream.

There is an amusing example of oriental subtlety in an anecdote that Mr. Sidney Whitman tells in "Turkish Memories." The story is of a young diplomat who was sent to Constantinople to be trained for his profession. One day the diplomat met a carriage guarded by a eunuch that contained some ladies of the sultan's harem. The young man endeavored to peep in at the window and got a blow across the face from the vigilant eunuch. He made a great uproar and lodged a complaint with the sultan himself. He was received in private audience, and Abdul Hamid listened patiently to his story of the outrage.

On its conclusion the sultan replied: "My dear sir, I have gone carefully into the case and see exactly how it stands. You are a gentleman; therefore you could never have committed such a breach of good manners as is alleged to have taken place, and consequently no eunuch could possibly have presumed to strike you. The whole affair must be the product of your fancy; pray let us dismiss it."

Vanity Ticked.

During the early excesses of the French revolution a rabble of men and women was looting the streets of Paris. Lafayette appeared and ordered a young artillery officer to open fire upon them with two cannon. The officer begged the general to let him try first to persuade them to withdraw. "It is useless to appeal to their reason," said the general.

"Certainly," answered the officer, "and it is not to their reason, but to their vanity, I would appeal."

The officer rode up to the front of the mob, doffed his cocked hat, pointed to the guns and said:

"Gentlemen will have the kindness to retire, for I am ordered to shoot down the rabble."

The street was cleared at once, for none could brook the idea of being classed with the scum of the city.

The Eternal Conflict.

Society is nothing more than a continuation of the conflict of nature under the guidance of intelligence. It is vain to hope for any amelioration of society from the prevalence of an intellectual education. Culture of the intellect supplies new weapons for use in the conflict and may render it less rude in appearance, but cannot change its nature. Doctrines and creeds are forms; the will supplies their contents. Just as a vehicle may convey substances having wholesome or injurious or indifferent properties, so any system of thinking—theological, social or political—may be made to bear any purport, good or bad. To try to shape opinions so that they may not be made subservient to any evil purpose is all labor in vain.—Schopenhauer.

Wars and Words.

The wars with Spain in the sixteenth century enriched the English language with many new words. To them, as Logan Pearsall Smith has pointed out, "we owe the Spanish words 'embargo' and 'contraband' and the Dutch word 'freebooter.' Among other Dutch or Flemish terms that were perhaps brought back to England by soldiers in their campaign in the low countries may be mentioned 'furlough,' 'cashier,' 'league,' 'sconce,' 'onslaught,' 'drill' and 'domineer.' 'Comrade' is a Spanish word, but seems to have been a soldiers' term learned in the low countries, and 'forlorn hope' is a military phrase, being the Dutch 'verloren hoop,' in which 'hoop' means a troop and is cognate with our word 'heap.'—London Chronicle.

Didn't Raise Them.

A young housewife who lives in a suburban town went to the village store to make some purchases. "These chickens look very nice," remarked the customer. "How much are they?"

"One dollar apiece, madam," was the prompt response of the obliging proprietor. "You can't find better poultry for the money in the whole country."

"One dollar," thoughtfully mused the customer, and then added: "Did you raise them?"

"Oh, no, madam," was the hasty assurance of the misunderstanding storekeeper. "That is the same price I offered to sell them for yesterday!"—Philadelphia Telegraph.

A Graceful Compliment.

Some famous compliments have been paid to members of the sterner sex, and one of the most gracefully turned was that uttered by Boileau, who, when the virtuous De Mesmes, president of the parliament of Paris, was elected an academicien, congratulated him in these terms: "I have come to you, sir, in order that you may congratulate me on having you one of my fellow academicians."

Moslem Wives.

Under the Moslem laws the provision for securing to the wife the free and uncontrolled possession of her property is minutely stipulated in the marriage contract. A suitable sum is also arranged for her maintenance in accordance with her husband's rank.

The Jail.

"I am going to visit the jail. There is a man I want to see there."

"Is one all? I know about forty whom I should like to see there."—Indianapolis News.

CONGRESS OFF FOR HOLIDAYS; DESERT CAPITOL

(ASSOCIATED PRESS TELEGRAM) Washington, Dec. 18.—The capitol building for the past two weeks, the scene of congressional activity, today practically was deserted.

Virtually all the members of congress following adjournment last night for the Christmas holidays, were homeward bound not to return until the re-opening of the national legislature on January 4.

One of the final acts was the passage by the senate of the house joint resolution extending the emergency revenue law until December 31, 1916. President Wilson shortly afterwards affixed his signature to the measure.

Adoption of the resolution came after a lively partisan debate by a vote of 45 to 29. The measure had the full support of the Democrats and the solid opposition of the Republicans.

When congress reconvenes the administration legislative program including plans for national defense, will be undertaken in earnest.

FURNITURE IS ABANDONED TO MAKE MUNITIONS

(ASSOCIATED PRESS TELEGRAM) Philadelphia, Dec. 18.—The Hale & Hudson Company, one of the largest furniture manufacturing concerns of this country has received a large munition contract and erecting a large factory building to take care of the order. J. A. Bower, president of the company said that in order to make way for the munition contract and other new business the firm had decided to abandon the manufacture of furniture.

The munition contract was awarded to us direct by one of the European countries not in the war, and consists of the making of brass cases for the shrapnel and shell, Mr. Bower said.

PLANNING TO RAISE FUNDS FOR AEROPLANES

(ASSOCIATED PRESS TELEGRAM) New York, Dec. 18.—The executive board of the Aero Club of America in charge of the national aeroplane fund, announced today that it had extended to every state in the Union an offer to add 10 per cent to any sum up to \$10,000 raised by public subscription or in any other way before February 1, 1916, for the purchase and operation of aeroplanes by militia bodies. The Aero Club said this offer was made as the result of requests for assistance in the matter of aeroplanes from the militia heads of twenty-four states.

The Aero Club advocates the distribution of 2000 aeroplanes throughout the country for defense purposes.

The Highland Lassie on Christmas. Grant in his "Highland Customs" tells how the Scotch lassie rose with the first gray streak of dawn to bake her Christmas scones, or sour scones, hard oat cakes, soft cakes and panich paron. The day's enjoyment always consisted of trials of skill and games and wound up with a grand evening meal. In some parts of Scotland, as in England, it became customary to hang a branch of mistletoe in the middle of the room or over the door, and if by accident or otherwise a girl passed under it any young man was privileged to give her as many kisses as there were berries on one of its sprays.

Pennsylvania holds first rank among the stone-producing states.

RAIN AND FOG TIE UP TRAFFIC IN NEW YORK

[ASSOCIATED PRESS TELEGRAM]
New York, Dec. 18.—Heavy rains and a milky fog practically tied up marine transportation in New York harbor early today and impeded the movement of railroad trains. The municipal ferry boat Manhattan on her way to Staten Island collided with a steamship at anchor off the Statue of Liberty and part of the ferryboat's cabin was carried away. One man was injured.
The Portuguese ship Ferd D'Alemquer from Lisbon went ashore in the fog. The destroyer Seneca, went to her assistance.
The storm likewise interfered with telegraphic service.

NEW STUDIO IS OPENED AT GLENDALE, L. I.

New York, Dec. 18.—The Mirror Film, Inc., has announced that it will begin active production of pictures at its new modern studio plant at Glendale, L. I., the first of the coming year with Nat Goodwin in the first production which will be staged there.

The Board of Directors, comprising perhaps the most distinguished group of men who ever inspected such a plant with a view to their own personal interests in it, visited the new Mirror studio this week, headed by Clifford B. Harmon, President of the organization, and William C. Toomey, Vice-President and General Manager. Others who went to the studio in a flock of touring cars were Frank H. Hunt, Treasurer, Joseph Howland Hunt, John W. Houston, Rich G. Hollman, Captain Harry Lambert, Andres de Segura, A. A. Anderson and Harry Rowe Shelley.

The studio has been put in shape under the supervision of the studio manager, Hector J. Streycumans, who was Manager Toomey's first aide and lieutenant when the latter was Vice-President and General Manager of the Mutual Film Corporation. Only a delay in electrical equipment, due to a large extent to the demand for metal caused by the war, kept the Mirror from opening the studio on the first of this month. Captain Lambert and Lawrence Marston will be the first two men to handle companies in the new establishment.

"The Prince of Tonight."

Something novel is in store for the theatregoer when the Adams, Hough and Howard musical romance, "The Prince of Tonight," with Tom Arnold in the title role, will be presented at the Auditorium, matinee and night, Saturday, December 25.

Mr. Arnold's role is that of a college youth, poor but resourceful, who is spurned by a beautiful heiress whom he dares love, and eventually wins her after being transformed by the mystic influence of a blooming century plant, into a prince of the mythical land of Lunkania. It is a pretty story and gives the audience an opportunity to introduce a number of unusually tuneful songs, snappy and witty lines, pretty girls, an excellent male chorus, a wealth of beautiful scenery, electrical effects, attractive costumes and everything that goes to make up the best of musical extravaganza.

At the Alhambra.
"The Unbroken Road" with Mary Nash in the leading role, will be presented at the Alhambra Sunday. The story:

John Radford becomes the guardian of Constance Turner. Radford's political ambitions cause him to neglect his ward who possesses a secret love for him. Walter Dover, the son of a political boss, meets Constance with whom he falls in love. The attachment is opposed by Radford, but Constance, stinging under his indifference, resents any interference. Constance is persuaded to elope with Walter Dover, but leaves him. She is overtaken by a storm and injured. She returns to her home but Radford casts her out, believing that she has sinned with young Dover, who again seeks her out, promising immediate marriage. Constance is persuaded by Walter, who seeks his father's consent to marry her, but this is refused. Walter consummates a mock marriage.

Radford has advanced politically, and is informed by Walter's father that he had picked him out as the nominee of his party for governor. A letter written by a friend of Walter's is found by Constance, and for the first time she learns of Walter's duplicity. Constance informs Walter's father. The political boss dispatches Walter abroad, and plans to get Constance out of the way. As the result of schemes hatched, Constance is convicted of a crime of which she is entirely innocent. Radford is elected governor. Constance, now confined in prison, becomes the object of interest of a prison charity worker who seeks her pardon. At an interview between the prisoner and the Governor, Radford recognizes Constance. Radford pardons her against the protest of the political boss, Dover, which causes the first eruption between Dover and Bradford.

Radford seeks renomination as governor and is opposed by Dover, and knowing his power, seeks to have him ally himself with the governor, in the matter of renomination. Becoming infatuated with Constance, Garvan refuses unless Constance accepts his advances, which she refuses. To help the governor her story of the wrongs committed by young Dover to the world, but Radford refuses to permit this. Learning of the governor's defeat for renomination she again goes to Garvan and accepts his proposition. At a crucial moment in the convention when Garven is about to throw his votes

supporting Radford, Walter, who has returned, goes to Constance and endeavors to force her attentions upon her. A struggle ensues, which causes the overturning of a stove, burning the convention hall and injuring Walter. The governor saves Walter and Constance from death, although the burns received by Walter ultimately prove fatal. His deathbed confessions completely exonerate Constance.

Radford is renominated for governor, Garvan endeavors to hold Constance to her promise, but the governor makes him realize that if he takes her under those conditions, she could never love him. Garvan realizes that his love for Constance is clean and pure and accepts her in marriage as his wife. Dover, losing his political power upon the disclosure of his acts, is crushed.

Mazda Theatre.

Ethel Barrymore, whose versatile dramatic talents place her among the foremost of American actresses, has an exceptionally strong role in the five-part photo-drama "The Final Judgment," the latest release of the Metro program which will be seen at the Mazda theatre on Tuesday and Wednesday, December 21 and 22.

This brilliant actress will have the support of an unusually capable cast, and the production will be labored throughout. "The Final Judgment" was written by George Scarborough, author of "The Lure" and other successful plays, but this work is the most vigorous, and absorbing that ever came from the pen of the gifted dramatist. It offers Miss Barrymore a role that calls for the display of her convincing emotional powers and a part that her many admirers will receive with enthusiasm. The story is founded on the love of three men for the same woman and the trio is composed of types that are at once vigorous, virile and distinctive. It is the best effort of the brilliant dramatist who has many achievements to his credit.

A Clubman Seen in "The Two Orphans."

John Daly Murphy, the celebrated "legitimate" comedian who appears as the irresponsible Picard in the Fox production of "The Two Orphans," is noted as an amateur horse man and polo player. He is a member of the Meadowbrook Hunt and Genesee Valley clubs and owns three fine hunters which are imported from his home in County Roscommon, Ireland. At the last New York horse show Mr. Daly captured a blue and a yellow ribbon with "Ireland's Pride" and "The Top O' The Mornin'" and also drove a tandem, in prize-winning style for Judge Moore in the noted polo match. Mr. Murphy created the character of Charley's Aunt in England and this country and has been starred in the companies of the Frohman and Geo. M. Cohan. He is a firm believer in the future of the screen and for that reason joined the William Fox forces under the management he scored a big success in Kreutzer Sonata. The attraction will be seen at the Auditorium Saturday.

REPORT OF THE LICKING COUNTY VISITORS BOARD

That the county jail does not enjoy the best of sanitary conditions and prisoners are forced to wash their clothing in iron kettles hung over a gas jet, the only heating facility in the cells, are the charges made in the report of the Board of Licking County Visitors, composed of Mrs. Fred W. Seymour, Mrs. Margaret M. Hall, Mrs. Elita M. Kreig, Mr. C. L. V. Holtz and Mr. O. C. Larason, which was filed in probate court, Saturday.

The board's report on the city prison is good, the place presenting a tidy and sanitary condition. The report is as follows:

County Jail.
There were nine prisoners on the first floor, nine on the second floor, and seven on the third floor. The sanitary conditions here are not the best. Gas jets with broken mantels were emitting high and brilliant flames and fumes. Over these jets iron kettles were placed to heat water which the prisoners use to wash their clothes and these are hung in their cells to dry. We recommend that a stove be used for such heating purposes, thus avoiding much smoke and dust; also that more attention be given to ventilation.

We recommend that the interior keeping of the jail be put in condition commensurate with the general exterior appearance of the building. The prisoners are profuse in their praise of Rev. Robert Northy, of 205 West Locust street, this city, for his visits and supplying them with good and wholesome reading. We recommend all who can to assist him in this laudable work, for they have an abundance of time to read. It enables them to while away their tedious hours in a helpful and beneficial way.

Any magazine or other suitable reading matter left with the president of this board at the Licking County Bank, or with the secretary in the Trust building, will be sent to any city or county institution that the donor desires. We know the inmates in the county infirmary, children's home, girls' industrial school, and boys' industrial school would gladly welcome the many magazines, papers, and good books that often find their way into our waste baskets.

City Prison.
We found twenty-three persons in the city jail or prison. The sanitary conditions are good and everything presents a clean and tidy appearance. Here, also, many of the prisoners would appreciate the kindness of anyone who would furnish them with good and helpful reading matter. We recommend that an assistant or helper be furnished the jailor whenever it is possible to do so.

"This is a rapid age," mused the Wise Guy. "That's right," agreed the Simple Mug. "Many a fellow ex-

FIRST DOSE ENDS INDIGESTION, HEARTBURN, OR GAS ON STOMACH.

The question as to how long you are going to continue a sufferer from indigestion, dyspepsia or out-of-order stomach is merely a matter of how soon you begin taking Tonoline.

People with weak stomachs should take Tonoline Tablets occasionally, and there will be no more indigestion, no feeling like a lump of lead in the stomach, no heartburn, sour risings, gas or stomach, or belching of undigested food, headaches, dizziness or sick stomach, and besides, what you eat will not ferment and poison your breath with nauseous odors. All these symptoms resulting from a sour, out-of-order stomach and dyspepsia are generally relieved five minutes after taking Tonoline Tablets.

Go to your druggist and get a \$1 box of Tonoline Tablets and you will always go to the table with a hearty appetite, and what you eat will taste good, because your stomach and intestines will be clean and fresh, and you will know there are not going to be any more bad nights and miserable days for you. Tonoline tabs freshen you and make you feel like life is worth living. Tonoline Tablets cost \$1.00 for a 15 days' treatment.

THE OHIO STATE GLEE CLUB HERE TUESDAY EVENING

The Ohio State University Glee club will appear in the city at the Y. M. C. A. hall next Tuesday evening. There are thirty young men in the party. This is the first time our State University has been so represented in this city and the alumni and friends should make this visit of the Glee club a success by getting out a good hearing for these young men. Their itinerary includes Pittsburg, Youngstown and other large cities. One of the attractive features of their entertainment is "The Roll-Call of the Class of 1916." Let Newark see and hear them.

RICHARDSON'S FRIEND TELLS OF BIG FISH

A story comes from Newark concerning the boyhood days of Henry L. Richardson, who becomes mayor of Coshocton in two weeks. A friend writes that Coshocton's new mayor was born in Newark, and that he was one of twins, his mate dying at the age of 2-1/2 months. Henry was small of his age but very active. Everybody liked him and enjoyed playing jokes on him. It is said that when he was six years old one day his father gave him a note and sent him down town to the corner grocery to get a small dry codfish. The grocer got a large codfish as long as the boy was high, put a string in its mouth and a stick in the string. The lad put the stick over his shoulder and started for home, the cod dragging all the way on the ground, while bystanders enjoyed the sight. Of course his parents had no use for such a whale of a fish but they kept it and fed Henry on cod for three months. "So you see," says the Newark writer, "Henry tackled a whale when he was six years old and a mayor when he was fifty years old and conquered them both. He will be elected again in 1917." The Newark papers speak very highly of Coshocton's new mayor.—Coshocton Times Age.

The Advocate's first page picture last night showing the tragedy of Christmas morning, the empty stocking, appealed to many Newark people as the most touching portrayal of conditions in the home of the poor children in most every community.

It is such tragedies as these that the Christmas Tree fund will attempt to make impossible in Newark. That is why Newark people are asked to contribute to the Christmas Tree fund.

As has already been stated in these columns last year's fund was used for Christmas and relief work in 50 to 75 Newark families. Shoes, stockings, underwear and other clothing, edibles for Christmas dinners, toys, etc. were purchased and given to children who would not otherwise participate in the joys of Christmas morning.

Be it also said that the bulk of the money was used in the purchase of necessities. Not a penny was wasted.

Newark people generally, have been the recipient of greater blessings in the past year and the fund should be larger than ever before. It was close to \$200 last year.

Up to this morning, \$19 had been subscribed to the fund being received by the Advocate and the American Tribune. Donations must come in more rapidly if last year's fund is to be equaled.

Send your donation today. Make it as large as your purse will permit.

YOUNG PARDELLA AND BOWSER MEET AGAIN DEC. 25TH

Joe Alvine (Young Pardella) and Paul Bowser, who went ninety minutes of the fastest kind of wrestling without a fall Thursday night, met at the Advocate editorial rooms Friday afternoon and signed articles to meet again on Christmas night at Music Hall. The second bout will go to a decision, best two falls in three to win. The wrestlers agreed on Herbert Webber as referee, both being satisfied that Webber was eminently fair in his work Thursday night. In the articles signed Pardella agreed to make 175 pounds at 3 o'clock on the afternoon of the 25th. He further agreed to give 10 per cent of his share of the receipts to some local charity in case he was defeated by Bowser. Police Gazette rules will govern any conditions not specifically mentioned in the agreement.

While spectators at the bout Thursday night seemed to think that there was plenty of action in the event, there is every indication that both principles will go to the mat Christmas night fully determined to make the other fellow "take the count."

Pardella has a task before him to make the 175 pounds agreed upon and Bowser showed his courage to agree to a finish match with the heavier man.

Arrangements have not been completed for a preliminary to this bout but announcement of this feature will be made later.

BASKET BALL SEASON OPENS WEDNESDAY EVE.

The Newark High school opens its basket ball season this year by playing the alumni. The game is to be played at Hickey hall, on Wednesday, December 22.

Phil Rhodes has been named captain of the alumni and wants all the fellows that are to play to meet at the Y. M. C. A., Monday night at 7:30 o'clock.

Although many of the men are new this year, Coach Millisor has done some skillful coaching and they will be in fine shape to meet the older team. Newark High still has Fritz Jones and Orville Rawlings, the stars of last year's team.

BOWSER THROWS "UNKNOWN" ONCE BUT LOSES MATCH

Columbus, O., Dec. 18.—Paul Bowser, experienced wrestler, lost at the Lyceum Theater last night his handicap match with Al Haft's grapple of the velvet mask. The disguised youngster was the lightest, and Bowser had to go 25 minutes and 12 seconds to get the first fall. As he could not get a second before the half hour was up he became a loser. Bowser wants a match with Haft, known as Young Gotch, and probably will get it if he can make 155 pounds ringside.

FALL OF SNOW LENDS XMAS ATMOSPHERE

The weather man promises Newark a clear cold Sunday, thus bringing to an end for the present time the dismal rainy weather experienced here for the past three days. At 2:45 a. m. Saturday the temperature dropped several degrees and this morning the ground was covered with a heavy snow, lending a Christmas atmosphere to the city.

For several days the streets have been a deluge of mud and slush and the pedestrians who journeyed forth this morning for work were agreeably surprised to find snow instead of the usual disagreeable streets. A number of minor accidents were reported due to the icy streets of the past week.

Saturday's snow fall will be welcomed by the "kiddies" who were out in force early in the morning enjoying the coasting sport. The weather man further makes a promise to the youngsters that they will have an opportunity for plenty of coasting throughout the holiday vacation period.

BETTER THAN SPANKING.

Spanking does not cure children of bed-wetting. There is constitutional cause for this trouble. Mrs. M. Summers, Box W, Notre Dame, Ind., will send free to any mother her instructions. Send no money, but write her today, if your children trouble you in this way. Don't blame the child, the chances are it can't help it. This treatment also cures adults and aged people troubled with urine difficulties by day or night.

Hopes Women Will Adopt This Habit As Well As Men

Glass of hot water each morning helps us look and feel clean, sweet, fresh.

Happy, bright, alert—vigorous and vivacious—a good clear skin; a natural, rosy complexion and freedom from illness are assured only by clean, healthy blood. If only every woman and likewise every man could realize the wonders of the morning inside bath, what a gratifying change would take place.

Instead of the thousands of sickly, anaemic-looking men, women and girls with nasty or muddy complexions; instead of the multitudes of "nervous wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking, each morning before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood, while the pores in the thirty feet of bowels do.

You Don't Need To Shop Tonight Unless You Want To

The store will be packed and jammed with Christmas buyers, and you will have Wednesday, Thursday and Friday evening of next week. It is better to shop as soon as you possibly can, as many lines are being sold pretty close to the limit.

Shop In The Mornings

Next week if you possibly can, so you will avoid the crowds in the afternoon.

Regarding Delivery

We would ask our customers to take their small packages with them, just as far as possible, in order to assist us in our great delivery. The delivery question is a very hard matter to handle during the holidays, on account of the great number of packages and bundles, and if our customers will take their small packages, it will aid us wonderfully and save hundreds of stops. We would also ask our customers just as far as possible to allow us to denot congest the delivery business the Tuesday and Wednesday, so we can keep Thursday and Friday clear, and not congest the delivery business the last two days before Christmas. This request applies especially to toys, and will assist us in solving the delivery problem, and enable us to get your goods to you in better shape, without having so many left over for Thursday and Friday of next week.

The new chiefs-elect for the year 1916 request that after the first of the year that every member try and attend the councils of the tribe more regular and scout the forest and capture some palefaces so that we can have degree work almost every meeting night.
